

a Grid-locked features

activation locked to the icosahedral mesh; drawn as discrete mesh nodes

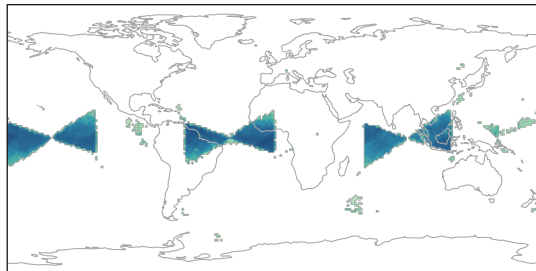

f2954 — full lattice

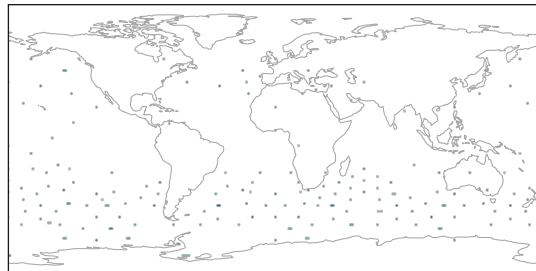

f3404 — its matched control

f2075 — bowties

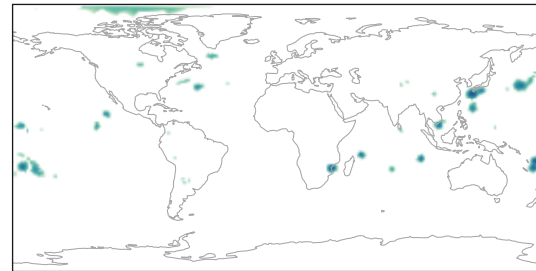

f656 — lattice dots

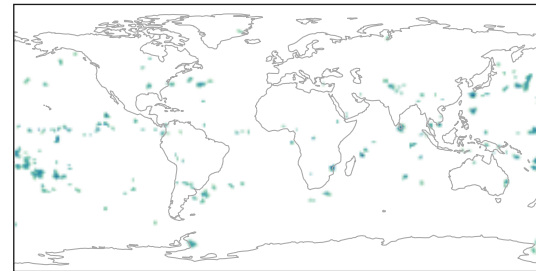

b Physical features

activation follows the atmosphere; drawn as a smooth field

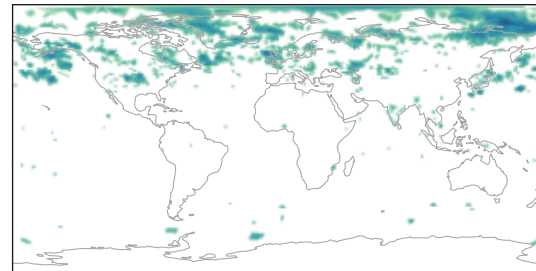

f3243 — tropical cyclone

f2401 — convection

f3861 — low-level vorticity

f553 — ascent
